ANOTHER LOSS

DR. RALPH LUSBY CALLED TO THE COLORS GOES TO FORT McDOWELL

Dr. Ralph Lusby, son of Mr. and Mrs. Charles D. Lusby of 104 North Jackson street, has realized his desire and been called to service in the medical branch of the army. He is to report in the near future to Fort McDowell and does not know where he will be sent from there. While it is a hardship for a young man who has laid the foundation of a fine practice in a community like Glendale to pull out and leave it, he realizes it is a great professional opportunity and he is glad to do his bit in this awful war where physicians are so sorely needed. He will be greatly missed in the Methodist Church, particularly in the choir, in which he has been active for several years. His fellow members gave a little party in his honor Thursday evening following choir practice at which speeches were made expressing the loss which the organization was sustaining and the good wishes which would follow him, to which the doctor made a characteristic response. Games were played and informal social good time enjoyed, after which refreshments were served.

SALVAGE COLLECTIONS

Olin Spencer, Acting Vice-Chairman for the Glendale Chapter of the Red Cross, has been much gratified by the way in which salvage is coming in voluntarily to the warehouse in the rear of the Pacific Electric building. It has been so difficult to secure workers and automobiles during this vacation season that collections have been irregular. For patrons of this department to bring in their contributions is a great help much appreciated by Red Cross officials. They are also pleased to note the neat, orderly packages which are now turned in, as it means a great saving in the labor of sorting and tying into bundles. Contributions can be left beside the door of the warehouse if it is not open when the call is made, and they will be taken care of by Red Cross workers.

DR. MONTAGUE CLEEVES CALLED

Dr. Montague Cleeves of 220 Boynton street has been called by Uncle Sam and left Tuesday for Fort Riley, where he will take special work in brain surgery. The doctor has been in charge of the Children's Clinic in Los Angeles for the past year and has not been able to devote much time to local practice. He is of English birth and feels a double obligation to do his bit in the war. At the beginning of the conflict, his favorite brother, a fine young fellow who had just established himself prosperously in Canada, enlisted and was killed in the first gas attack, before the Allied troops had learned to combat it. Another brother is now on the French front and still another brother has served six months and been sent back to look after the family estate. His father's place of business is in constant danger from German planes, the building adjoining having been wrecked by an air raid. All these things combined have made the doctor feel that his place is at the front doing what he can to repair the misery wrought by the Hun and helping to put him out of commission.

DINNER AND DANCE

Miss Evangeline Hunchberger, who is the guest of Mr. and Mrs. J. Herbert Smith during the absence of her parents in the North, was the guest of honor at a dinner given by her host and hostess at their home, 114 South Brand, Wednesday evening, at which covers were laid for Misses Myrtle Pulliam, Carol Willisford, Dorothy Hobbs, Alice Gray Beach, and Grace Beach. Marigolds centered the table which was dainty in all its appointments, places being marked by khaki-colored cards with flag decoration. Following the dinner the young ladies were entertained by Miss Barbara Mitchell at La Ramada, whose guest list included twelve soldiers and sailors and nine young ladies, a jazz band composed of popular young men of Glendale furnishing music for dancing, and refreshments being served at the close of the evening.

RETURNS FROM SEATTLE

C. G. Simons of 411 Kenwood has just returned after a two months' stay in Seattle where he reports that business is booming. As he is a registrant in Class 1 and expects to be called in the near future, he thought it wise to come home and have a visit with his friends before joining the colors.

THORNYCROFT

AN UNIQUE INSTITUTION IN WHICH GLENDALE SHOULD TAKE PRIDE

"A prophet is not without honor in his own country" and it sometimes happens that enterprises are camouflaged in the same way, though we have had every opportunity to appraise them at their true worth. A case in point is "Thornycroft" which has so long been identified in our consciousness with "Thornycroft Farm" that we have not realized what a really wonderful and unique hospital has developed in our midst. The doctors know, to be sure, but it is familiar and a matter of course to them.

The genius who has wrought the perfectly plausible transformation of a farm into a fine hospital is Mrs. Nannie Miller. She has never admitted that she was "born with a double veil," but she has given abundant evidence of the fact that she was a seen in her discernment of the possibilities of Thornycroft. Genius has been defined as hard work. Mrs. Miller has given herself unreservedly to this institution and not only her professional service, but all her mental powers. She is at once the constructing engineer who does the planning and the woman at the throttle under whose directing hand the enterprise moves forward.

The little farm where orange trees hobnobbing with peach and fig border tilled fields in which more humble crops are grown, where flowers in sunny, open spaces, the brighter by contrast with the deep shade of walnut groves, has been skillfully utilized without the sacrifice of any of its natural beauty, and that is the charm. It is still an ideal farm—so delightful that it is hard to drag patrons away from it when once they have experienced its spell.

It began with an old fashioned ranch house, to which a commodious dining room was added, and with a modest hospital. Growing slowly for a number of years, it firmly established itself and has since been making obvious growth. A splendid new kitchen immaculate in its enamel paint as an operating room and as well lighted, has been one of the recent additions and the hospital building has been enlarged to double its capacity and been brought up to date by the reconstruction along the most modern lines of its operating room with connecting laboratory and supply rooms, its tiled floors and multiplied conveniences for surgeons and nurses.

The rooms for patients are most attractive, spotless in every respect, with bright rugs on the hard wood floors, furnishing a cheerful note of color. Electric heaters of most up-to-date type attached to the walls have solved the fuel problem here and in the neat separate cottages in which about fifty per cent of the patients are housed. These cottages have greatly increased in the last two years. One attractive colony surrounds an emerald grass plat centered by a flag pole with each cottage bowered in flowers which even flaunt gaily from window boxes.

Not far from the office which is the Administration Building of Thornycroft and the particular sanctum of Mrs. Miller, is another building containing a full laundry equipment and there the hospital linen, the gowns and aprons of nurses and attendants, are laundered to perfection.

Besides the fresh fruits and vegetables with which the farm tempts the appetites of its guests, it also supports colonies of poultry, English hares and pigeons, produced for the table, for Mrs. Miller believes in good food and plenty of it. Her patients not only get three good meals a day, but "snacks" in between. These poultry yards, by the way, are as beautifully clean as are the more showy parts of the ranch.

After the visitor has made a tour of inspection of the buildings and sauntered over the grounds from end to end without encountering a single thing offensive to any of his senses, he realizes that "Thornycroft" is considerably above the average hospital and can understand the growth and reputation it is making.

A YOUNG SAMMY

A young "Sammy" arrived at the home of T. W. Watson, City Manager, 103 East Colorado street this (Friday) morning, August 2, 1918, about five o'clock. He weighs nine pounds and his father reports that he shows good fighting qualities keeping his fists doubled most of the time.

WEATHER FORECAST—Fair tonight and Saturday except cloudy or foggy along the coast. Continued warm. Westerly winds.

AMERICANS AND FRENCH ADVANCE

ALLIED GAINS CONTINUE TO INCREASE MENACE TO GERMAN CONCENTRATION POINTS

(Special Service to Glendale Evening News)

PARIS, August 2.—The Americans advanced their entire right wing during last night as far as Bompierre. They now hold Cierges and all of Meuniere wood. Intense fighting is in progress this morning beyond Cierges where the sudden and heavy American attack carried the dominating heights.

In the meantime the French continued to advance near the American lines and at several points the Germans precipitately fled.

Early this afternoon reports from the front said the allies had captured Goussancourt. The new allied gains are increasing the menace to German concentration points. The German resistance was stubborn everywhere and many hand to hand clashes took place.

GERMAN WITHDRAWAL RESUMED

STEADY PRESSURE OF THE ALLIED ADVANCE IS PUSHING THE ENEMY BACK

(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMY IN FRANCE, August 2.—The German withdrawal has been resumed.

Bloody sacrifices at Seringes, Sergy and Cierges were in vain in the face of steady Franco-American pressure.

The advance of the Americans since the capture of Cierges has reached a depth of two and a half miles. Steady pressure is pushing the Germans back and has given the French and Americans control of the plateau beyond the Fere-en-Tardenois line.

ALLIES TAKE IMPORTANT POINT

CAPTURE OF WATERSHED ENDANGERS RETIREMENT OF GERMAN CENTER AND WEST FLANK

(Special Service to Glendale Evening News)

LONDON, August 2.—It has been learned authoritatively late this afternoon that the allies have captured the watershed commanding the territory north of the Crise river, advancing three miles on a five-mile front.

This gain endangers the retirement of the Germans' center and west flank.

L. A. LAD MYSTERIOUSLY SHOT

CLAUDE GRIEWANK KILLED BY AN UNKNOWN PERSON IN ALLEY THIS MORNING

(Special Service to Glendale Evening News)

LOS ANGELES, August 2.—Claude Griewank, aged 13, was shot and killed by an unknown person in the alley in the rear of the home of Mrs. May Barden on Gleason avenue this morning. Griewank went to the Barden home in company with Raymond Giddings, aged 9. While the younger boy went in the house for a drink of water Griewank passed through the yard into the alley. A moment later a shot was heard and Giddings and Harry Stone, a deliveryman, ran into the alley and found young Griewank lying dead in the road. A search of the neighborhood shed no light on the crime. Detectives are now trying to learn if the dead lad had any enemies who might have sought his life.

NEW GAINS FOR ALLIES

LATE REPORT TELLS OF ADVANCE BETWEEN VILLE-EN-TARDENOIS AND FERE-EN-TARDENOIS

(Special Service to Glendale Evening News)

PARIS, August 2.—Reports from the front at 4 o'clock this afternoon say the allies are making new gains on a fifteen-mile front from Ville-en-Tardenois to Fere-en-Tardenois. It has not been ascertained how extensive these gains have been.

SWITZERLAND WILL PRESIDE

GERMAN-AMERICAN CONFERENCE ON PRISONER EXCHANGE TO BE HELD IN BERNE THIS MONTH

(Special Service to Glendale Evening News)

WASHINGTON, August 2.—It is announced today that Switzerland has accepted the presidency of the German-American conference on the exchange of prisoners to be held in Berne this month.

MAXIM GORKY ARRESTED

(Special Service to Glendale Evening News)

COPENHAGEN, August 5—Maxim Gorky, Russian writer, has been arrested and his newspaper suspended, according to Petrograd dispatches received today.

ALLIES MAKE GOOD RECORD IN AIR

(Special Service to Glendale Evening News)

LONDON, August 2.—The allies brought down 844 enemy airplanes during the month of July. They lost 325.

TRUSTEES' MEETING

BOARD VOTES APPROPRIATION FOR ICE FOR PUBLIC DRINKING FOUNTAINS

The Board of Trustees met in regular session at the City Hall at 8:30 p. m. All members present except Trustee Shaw.

The minutes of the regular meeting of July 18th, Adjourned Meeting of July 23rd and the regular meeting of July 25th were read and, on motion, approved.

An application was received from Robert B. Ringstrom for permission to operate a motor car within the City of Glendale, which being approved by the City Manager and the City Marshal was, on motion of Trustee Henry, granted.

A communication was read from the City Manager in regard to supplying ice for the two public drinking fountains maintained by the City for the three months beginning August 1, 1918, and suggesting the appropriation of \$100.00 for the expense of maintaining the same from the Advertising Fund. On motion of Trustee Jackson, recommendation was adopted, and the sum of \$100.00 appropriated for the purpose in the Advertising and Promotion Fund.

An application to sell milk was received from the Arden Dairy Certified, 1963 Santee street, Los Angeles, which being approved by the Milk Inspector was, on motion of Trustee Muhleman, granted.

The City Manager submitted a statement in regard to the instruments used by the Glendale Municipal Band. The statement set forth that the instruments had been purchased by the City of Glendale in 1914, but had been retained by the members of the band when that organization disbanded; further that the sum of \$30.00 a month for three months in accordance with the contract with the band for its services, a total of \$90.00 was still due and unpaid. The Manager recommended that in lieu of the instruments which had not been returned, the amount due the band under the contract be withheld. On motion of Trustee Henry, the recommendation of the City Manager was adopted.

The City Manager submitted a schedule of vacations for the employees of the Fire Department and of the Police Department for 1918; also vacation for Clerk and Bookkeeper in Treasurer's office. On motion, referred to the Public Welfare Committee.

A communication was received from the City Engineer accompanied by a map of Tract No. 2639, the same being submitted to the trustees for approval by the County Surveyor; the Engineer recommending that the same be approved.

A resolution covering the matter was read and, on motion of Trustee Henry, adopted as Resolution No. 1044.

Reports of the Health Officer and of the City Recorder for the months of July were presented.

The City Manager made a statement in regard to the Insurance Reserve Fund, and on motion of Trustee Muhleman, it was ordered that a transfer be made semi-annually for this fund as provided for in the budget.

On motion of Trustee Henry, it was ordered that the sum of \$2,087.32 be transferred from the General Reserve Fund to the Budget Fund to be returned on or before December 30, 1918.

On motion of Trustee Henry it was ordered that the siren on the Fire House in the Tropico district be blown once daily at noon for a half minute.

On motion of Trustee Muhleman the City Manager was authorized to employ some one to secure certain information as to the use of telephone service between Glendale and Los Angeles.

The City Engineer asked to be advised of the intention of the Trustees as to the method of informing the residents of the City as to the new street numbers of their respective residences and places of business.

The City Attorney reported that the application had been prepared for permit for a bond issue in connection with the improvement of Broadway, and would be forwarded to the Capital Issues Committee at once.

The City Attorney reported having received a communication from the Railroad Commission to the effect that the application of the City of Glendale to that body to have set aside a former order of the commission authorizing an increase of toll rates between Glendale and Los Angeles, had been dropped from the calendar on account of the fact that the government had taken over the control of the telephone systems. He recommended that the matter be taken up with the Postmaster General at the proper time, if the Railroad Commission does not assume to act.

SUPERVISORS' REPORT

VOLUME OF STATEMENTS BASED ON TRANSACTIONS FROM JUNE 1916 TO JUNE 1917

The Evening News office is in receipt of the annual report of the Board of Supervisors of Los Angeles County, California, for June 30th, 1917, which means that it covers the transaction of the Board from June 30th, 1916, to June 30th, 1917, and is therefore a piece of ancient history of but little immediate interest. Any matters which may have been wrong in county affairs which would be brought to the attention of residents and taxpayers, are long past remedy, and as Mr. Bill Shakespeare has said, "Things without remedy should be without regard. What's done is done." However, no one who has received one of these handsome pamphlets, beautifully printed on expensive paper, would want to seem lacking in appreciation. One picture illuminates the arid desert of statistics, a fine cut of the Court House. The foreword, addressed to the Board of Supervisors, is signed by H. A. Payne as County Auditor, and states that the report is compiled from the accounts "operated" by his predecessor and that attention is directed to the following schedules not shown in previous reports:

"Statement of condition of county funds showing, for each fund separately, its balance or overdraft, with other assets and liabilities and resultant deficit or surplus;"
"Statement of school transactions in gross and by individual districts and funds as required by Sec. 4049a of the Political Code;"
"Statement of departmental appropriations, expenditures and balances;"
"The general fund transactions were analyzed and those relating to prior years' business with the overdraft at June 30th, 1916, were transferred to a separate fund account, General Fund of 1915-16 and Prior."

The book recites the County Organization giving the names of the supervisors then in office, and the committees of which they were chairmen, gives the personnel of the various County Boards and Commissions, names of the County Judges and constables, of county officials, wardens, commissioners, superintendents and the like, of librarians, inspectors, directors, administrators, defenders, and various other officers. Then follows a variety of statements of incomes and expenditures, a considerable space being given to statements of school transactions in the different districts. At the end of the volume is a comparison of property values, indebtedness, etc., of the counties of California.

The statement of fund balances shows as charged against the "1915-16 Fund and Prior" overdrafts amounting to \$991,893.09. Other overdrafts occasioned by flood damage were charged against various Protection Districts totalling about \$70,000, with smaller overdrafts for road improvement, lighting, exhibition purposes, etc., brought the total of overdrafts to June 30th, 1917, to \$1,066,964.48 in General Funds, to which should be added overdrafts of \$121,692.71 in School General Funds, making a grand total of overdrafts June 30th, 1917, of \$1,188,657.19.

This was certainly some handicap for the present Board to start with and it is surprising that so many were willing to accept office, or that any candidates can be found for the districts in which the terms of present incumbents are expiring. There is however a field for strenuous patriotic service and for financing.

There are 81 pages all told not counting the cover or the comparative statement and they may prove a mine of interest for those who "like fitters."

There is nothing in it about the missing \$10,000, which appears to be a sort of "Button, button, who's got the button?"

DEATH OF BABY

Mr. and Mrs. M. G. Khodigian of 102 West Colorado street, have been greatly bereaved in the death of their infant son, Hrand M. Khodigian, who passed from this life Wednesday, July 31. The little one was born in Los Angeles April 16, 1917, and remained such a short time to brighten the home of his parents. The family have lived in Glendale for five months

CONDITIONS ARE DIFFERENT THIS YEAR

Candidates for state, district and county offices are finding that conditions are different this year than they are the average election year. Never before in the recollection of any one now living has this country been in such a war. The attention of every patriotic citizen is turned toward the welfare of his country as never before. Railroads leading to the sixteen or more cantonments in the various parts of the country are heavily freighted with young men who are entering the service of the country. After a few months' training these men are ordered to France. It is nothing uncommon at railroad centers to see dozens of passenger trains loaded with troops routed for seaport cities on their way to France. All of this condition gives the real red-blooded American something to think about.

When it comes to considering the qualifications of candidates one of the first points is the candidate's loyalty to his country. What has his past history been as favoring preparedness? What is his record as to having an acute sense of duty to his fellowmen? How has he stood on the temperance question? Not only is the past of these candidates being considered but their present attitude upon the proposed reforms that are justly being brought before the people. There is a great revolution going on in the United States at the present time. The government has taken over the railroads, the telegraph and telephone systems. Labor and capital differences have been before the people for a final settlement as never before. Real men are needed at Washington, at Sacramento and on the benches of our Judiciary department.

There are candidates galore, more candidates than ever before. The very fact that there are so many candidates and some of them not very fit ones is apt to allow one of the unfit ones under our present primary system to get the nomination. That this danger may be avoided it behoves every good citizen to study carefully the qualifications of the many candidates and to cast an intelligent and honest ballot at the primary election August 27.

Mr. Voter, do not hesitate to question candidates for office. Do not hesitate to have them put themselves on record as to just how

they stand on various questions. Now is the time for every citizen to do his duty and his whole duty before it is too late and men have been elected to fill important offices who lack patriotism and other qualifications that fit them for good executives and intelligent lawmakers.

"BULL-IN-THE-PEN"

Most of us have played that slashing, rough house game of the playgrounds, "Bull-in-the-Pen." The "Bull" stands in the center of the circle made up of boys bound together by firm handclasps. As the ring dances in and out the players dare the "Bull" to break through. "Tissue paper here," cries one pair, unclasping their hands and holding them high. "Steel bars here," calls another, not quite so sure that they can hold the "Bull."

Meantime the "Bull" turns slowly, watching the weak spots from the corner of his eyes and least interested in the sector of the line directly in front. Suddenly he springs at two tightly held hands, throws his full weight against it and desperately tries to break through. Sometimes the force of the attack coupled with surprise breaks the ring and the "Bull" gets through with the others in mad pursuit. If the "Bull" does not get through at the first lunge he hangs on in the hope of wearing down the defenders.

If Waterloo was won by the school boys on the playgrounds at Eton, it is safe to believe that the Yanks, Tommies, Poilus, Anzacs, Highlanders and Italians are well posted on how to handle the "Bull" that is trying to break through toward Paris. The "Bull" led on by belief of weakness on the part of the "flabby, untrained Yanks" has found these boys only "possumming." The Yank and the Poilu have raised the "Bull" on their taut arms and have swung him back toward Berlin with a slam that brought tears and made the "Bull" want to play another game.

We can only appreciate this tragic game as they play it over. There by reading newspaper despatches, but we rejoice that the pen is getting smaller, the "Bull" is getting madder and the game is getting better for "our crowd." We can keep the game going good for our boys by maintaining that ring of iron will and flesh strong and determined. Our next big chance to take a hand in the game probably will come in October when the government asks us to loan six or eight billion dollars in the Fourth Liberty Loan to tighten the ring and drive the "Bull" over the Rhine.

That's a big sum but a small duty.

Personals

W. J. Button of 1307 West First street has been quite ill for several weeks but is now much improved in health.

Between 35 and 40 persons who enjoy good things to eat patronized the luncheon at the Red Cross Shop on Brand boulevard Thursday.

A. T. Wintersgill of 111 North Louise street, who has just returned from a short business trip to San Francisco, reports ideal weather up there.

Mr. and Mrs. C. W. Straight and family of 826 Ethel St. left today for Manhattan Beach, where they will enjoy the sea breezes and the delights of sun bathing for three weeks.

Mr. and Mrs. W. T. Sprouts, of 1417 Myrtle street, and their daughters, Misses Ruth and Helen, are spending their vacation at Camp Baldy and will return to their home about August 15th.

Dr. A. L. Bryant and family, E. U. Emery and family, J. G. Ferguson and family and Mr. and Mrs. H. T. Smith of Berkeley went to Ocean Park Wednesday for a family reunion and picnic. Mesdames Bryant, Emery and Smith are sisters.

Mr. and Mrs. Mighles of Long Beach and Mr. and Mrs. Gossages of Bethany, Nebraska, have been guests this week of Mrs. Mary R. Rath of 216 Blanche avenue. Mr. Mighles is an ex-senator of Nebraska and now resides in Long Beach.

Mrs. Dora Gibson, director of music in the Glendale High School, returned to her home at 1453 W. First street about two weeks ago and has since been taking in a course of University Lectures on High School music which have been given in Los Angeles, as well as other lectures courses of interest to teachers.

The family of Robert L. Hendricks, the merchant, are enjoying an outing at Venice. Mr. Hendricks joins them frequently for the night but can not stay long as the beach "gets him." He is subject to asthmatic trouble and can not stand the low altitude and moist air for long. Glendale suits him.

Mrs. E. A. Case of 111 South Kenwood is having the pleasure of entertaining her daughter, Mrs. G. W. Allen, and granddaughter, Genevieve Allen, of Taft, who will be here for several weeks. Her daughter and son-in-law, Mr. and Mrs. E. E. Osgood, have gone to Manhattan for a short vacation trip.

Miss Margaret Lushy has taken a position with her brother, Dr. C. R. Lushy, as his office assistant. Her parents gave their consent a little reluctantly as they would like to keep their only girl at home, but Margaret is a thoroughly modern young lady who wants to be doing something and earning money for Uncle Sam, so they have yielded to her wishes.

J. J. Burk, the contractor, living on Blanche (now Maryland) avenue, has recently completed a nice home W. Q. Roberts on Seventh street. He is now employed on a fine home for a wealthy orange rancher at Placentia, near Fullerton, which will probably keep him busy for two months. He comes home to spend the week-ends with his family. His son Merrill, who is in service in the 27th Coast Artillery, is in the band which plays for the Los Angeles daily parades.

A Gospel team of the First M. E. Church, consisting of Arthur G. Lindley, President of the Brotherhood, Dr. C. R. Lushy, L. C. Leeds, Prof. Root and F. M. Farrand, went last evening to the County Farm and conducted the religious service in the chapel, which was filled with an interested audience. A very enjoyable time was reported and a hearty invitation was extended to the team to come again.

Frank Clark, brother of Oliver O. Clark, who has been his guest for the past two weeks, has joined the Tank Corps and left Wednesday for "Frisco, whence he will go to Gettysburg for special training. Mrs. Edna Payne of Antelope Valley is the guest of Mr. and Mrs. Clark, who are planning a business and pleasure trip by auto. They will go Sunday to Bakersfield and from there to Visalia, and do not know how long they will be away.

Mrs. Lorena Cramer is anxiously looking for news of her son Lawrence now in France, from whom she has not heard in about a month. She knows from the letters which have reached her that he has been receiving his mail very irregularly and she figures that the government forces are so occupied with the transportation of men and supplies that mail has to wait. She has been made happy by the arrival of her daughter, Mrs. Lewis Biddle and two-year-old son John, from Maricopa for a visit. Maricopa is near Taft and is pretty warm at this season. Mr. Biddle is expected to arrive about the tenth of August.

CASH

MUST ACCOMPANY ALL LINER NOTICES, UNLESS THEY ARE FROM MERCHANTS AND OTHERS HAVING REGULAR MONTHLY ACCOUNTS WITH THE EVENING NEWS.

Mrs. J. N. Clark and children, of 1436 West Broadway, have returned from a sojourn at Hermosa Beach.

Mrs. Guy Pettit has arrived with her baby from Pomona, where she visited her parents and where the baby was born.

Miss Rubetta Schout and Miss Anna Henry of Perlita avenue are expected to return from summer school at Berkeley University next week.

Mrs. Fish, mother of Mrs. Minnie R. Meyer of 415 East Second street, has just returned to Glendale from Washington, D. C., where she has been visiting a daughter.

Misses Annie and Fannie Cullingsworth and Mrs. Cullingsworth, of 515 Dunbarton avenue, are planning to go Saturday to Balboa Beach to spend a two weeks' vacation.

Chairman Lanterman of the Export Board is considerably sunburned, as he has been testing the temperature of the ocean of Hermosa Beach, where his wife and daughters are spending the month of August.

Mr. and Mrs. F. C. Charles, 3529 Perlita avenue, have returned with their niece from Little Bear Lake, where they spent two weeks very pleasantly. They put in the weekend at Catalina, from which resort they have just arrived and which they say is "full-up."

Mrs. G. Mills has received a letter from her son, D. F. Mills, who went north in company with Bob Knoche a few weeks ago, stating that he and Mr. Knoche are serving the government at the Alameda ship yards. The families of the two men expect to leave Glendale next Tuesday for Alameda.

The Red Cross Shop at 318 Brand boulevard is putting on sale some handsome home-made rugs, some of them crocheted and beautifully done. One found an immediate sale and the others are not likely to long remain in stock. The prices asked are considerably below the Los Angeles figures.

W. E. Pelley of this city, who has been suffering from inflammatory rheumatism and who recently sold his confectionery business to Mrs. H. V. Findley, went to Murietta Hot Springs and has returned quite restored. He has taken position with Los Angeles parties in the jewelry business, which is his old trade.

Members of the Glendale Wednesday Club, formerly known as the Lucky Thirteen, will meet for an all-day session next Wednesday at the home of Mrs. M. Vieth, 1546 West Colorado street, to work for the conservation department of the Red Cross. Each lady will bring sandwiches and tea and cake will be served by the hostess.

Mrs. John Cotton of 837 Rafael street, has recently received letters from Mr. Cotton, who reports that he has been putting in two weeks of intensive training at Columbia University, New York, attending classes and lectures all day with athletic training besides. It is interesting and he is enjoying it because it is making him fit for the work he is so anxious to be doing on the other side of the water. He writes there are eight men from California in his group.

ENTERTAIN FOR MRS. HANKEY

Mrs. Charles A. Walshe of 3460 Perlita avenue is entertaining this (Friday) afternoon in honor of Mrs. Hankey, who is leaving next week for Cleveland, Ohio. Her guest list includes Mesdames Hacker, Vantine, Harris, Schout, Cooney, Graul, McMillan, Mignerry, Culley, Brooks, Hugo Jacobsmeyer, Carl Guth and Miss Adda Burch. The guest of honor will be showered with pleasant remembrances from her friends and light refreshments will be served.

Frank Walshe, son of the hostess, is expected home from San Diego Saturday to spend the week end with his parents. He is a motor mechanic at North Island in the Aviation Service.

BUT THE GREATEST OF THESE IS LOVE

Editor Glendale Evening News:

Fearing that in the wild rush and crush of other matter, some careless reader may have overlooked the exquisite poetic setting given to the Mrs. Strauss Titanic incident, I venture to recall it again to attention in this way that readers in love with the beautiful in thought and word-painting may read the poem of Mr. Chauvin in which he chooses to relate the tragedy of the wife with a chance to save her life, refusing to do so, declaring, "We have been all these years together; where you go I will go," and the engulfing waves took them both to the watery burial.

Mr. Chauvin threw around this noble act something of the heroic, and yet it was no more than ought to have been expected from a racial standpoint. The sacredness of the marital relation had deep endorsement in the Jewish economy. "For this cause (love) shall a man leave family, relatives, all others" and

SWEET POTATOES

W. B. KIRK SECURES EXPERT ADVICE ON THEIR CULTURE

Persons who have had occasion to pass the residence of W. B. Kirk at 715 West Broadway have probably observed with interest his growing crop of sweet potatoes. Others may have read the account of the setting of thousands of plants earlier in the season by this enthusiastic producer which was published in this paper. They will perhaps be interested in the following valuable information relative to the culture of the sweet potato obtained by Mr. Kirk from A. T. Hoover, a specialist at Santa Ana, in response to his inquiries. Mr. Kirk was unwilling to "go it blind" after investing so much time and money in plants and so rustled around to get instruction relative to proper care. Perhaps others have suffered from the same lack of knowledge and will be glad to profit by the letter which follows:

Anaheim, Cal., July 8, 1918.
Mr. W. B. Kirk,
Glendale, Calif.
Dear Sir:

Replies to yours of July 3rd, in regard to irrigating sweet potatoes, would say that in this climate sweet potatoes are different from most plants, in that they do not reach a maximum point in foliage growth and then begin to mature, but continue to increase the vine growth and the potatoes until they are harvested or frost kills them. So it is necessary to give them good irrigation every two or three weeks, as long as you wish them to continue to grow. They will grow at least until the middle of October. Do not sprinkle the vines, nor the ridge. The best way to irrigate them is to run a small stream of water between the ridges for a long time. The ideal condition to get a fine quality potato is to have the roots in moist ground and have the potatoes form in a dry ridge. If you soak all the ground, unless it is very coarse sand, your potatoes will be rough and stringy. Your vines will probably root. If they do, pull them loose and throw them out of your way when cultivating. Be sure to dig your crop before there is any danger of frost hitting them, for if frost kills the vines the potatoes will not keep.

Yours truly,
A. T. HOOVEN.

LOS ANGELES, Cal., Aug. 2.—Although motion pictures have already accomplished a great deal in setting before us the scenes of "over there," the Motion Picture Directors Association of Los Angeles are to bring filmdom up one notch on the patriotic scale when they start the filming of American propaganda soon. Word has been received from the Division of Films at Washington that work will commence immediately on the filming of numerous dramas and comedies, all of which will have a patriotic theme. It is expected that most of the films will be produced in Los Angeles.

Leave unto one woman, and the twain shall become as one, and if the Bible does not say, whom God hath joined together let no man put asunder, the rituals of about all churches do.

It is fortunate for organized society that the Bible is replete with ample teachings for correct living along these higher lines of blending of two lives into one and yet in no measure destroying personality.

And callous indeed must be that heart that would pass unmoved while that simple Scottish ballad was being rendered:

"John Anderson, my Joe, John."

"We'll climb the hills together, And many a happy time, John. We've had wi ane another. Together we came up the hill,

"Together down we'll go, And sleep together at the foot, John Anderson, my Joe."

A case paralleling the Titanic event, barring its tragedy feature, is one of the prettiest little stories ever told, a strange, strong, love between two women of different tribal races, and yet when the suggestion was made to part, hear Ruth pour out her soul in vehement protest: "Entreat me not to leave thee or to return from following after thee, for whither thou goest I will go, and where thou lodgest I will lodge, thy people shall be my people and thy God my God. Where thou diest I will die and there will I be buried, the Lord do so to me and more also if aught but death part thee and me."

While in no sense a sacrament, this strong affection between these women gets hold of the thoughtful reader and he will get up from a reading of the brief records a better man. Sorrow, death, bereavement, had surged over and swirled wildly around these two lives with the result often seen in life, the deepest affections and strongest human ties are born of our sorrows. But be it Naomi, Ruth, Mrs. Strauss or any other, put the Apostles' sign manual on it, "And now abideth Faith, Hope, Love, but the greatest of these is Love." There are some ties that death even can never sever.

Uniting as they older grow; Some friendships, too, are born to live forever, As fresh and warm as in the long ago.

SAMUEL PARKER.

LA CRESCENTA

The Red Cross classes have resumed work on Tuesdays and Thursdays. Mrs. Miller and Mrs. Ayers will be glad to see you bring your thimbles and scissors and put in a day for the Red Cross. The need for garments is pressing and a call has come from headquarters for a certain quota to be furnished by our auxiliary. So don't let this appeal go unanswered.

Mrs. Salsbury and Georgina Kidd have returned from the beach and will spend the rest of the summer in San Francisco with Mrs. Kidd.

Mr. and Mrs. H. A. Baldridge had from Mr. and Mrs. F. Arnold and little daughter as guests over Sunday.

The Culberson's have returned from a brief trip to Los Angeles.

The Twining house on Montrose is nearly completed and ready for occupancy.

Mrs. Chas. E. Woolsey, who has been vacationing in the Sierra Madre Canon has returned, greatly recuperated by the rest.

There will be a picture show Tues-

day at the school house. It's a William S. Hart and a gripping patriotic film, "The Patriot," and the story is woven around the man who "came back." It's a splendid film and Hart is at one of his happiest moods. Don't miss it and be sorry. Come out and bring your friends and neighbors too. They will all enjoy it. There will also be a comedy film to.

Of course you keep your Thrift Stamp pledge. This month don't leave it so late. Buy early and then buy some more later on, and wind up the month by buying another lot. Uncle Sam will give you good interest and it's only lending your money at that.

The peach crop is coming in and then there will be loads and loads of tomatoes, so keep up the good work of canning and drying for the winter.

Mrs. E. N. Nettleton entertained Mrs. James Bastable, Miss Dee Bas-
table and Mrs. Ola Sutton over the week-end.

The Potter's have gone to Newport Beach as guests of Mr. Frank Potter and will finish the week-end at Santa Ana.

Mr. and Mrs. S. S. Thomas were

The Farm Bureau will meet at La Canada school house on Thursday, the 15. The topic and speaker will be announced next week.

Don't forget the Red Cross classes Tuesday and Thursday. Plenty of material, room and the sewing machines have all been overhauled and tuned up. This will facilitate the work greatly.

E. W. Schafer, who is one of our respected residents and property owners has opened a barber shop in La Crescenta, at the end of the car-

line. This will prove a great convenience for men in this locality and it is to be hoped will be a paying venture for Mr. Schafer. He is an experienced barber and at present is employed in Glendale part of the time. His La Crescenta shop will be open Tuesday all day, Friday all day and Sunday morning. He is desirous of learning just what demand there is for a barber shop in La Crescenta and when he is satisfied that it will pay him to do so, he will give up his other work and spend all of his time here. Mr. Schafer says he could make more money in Los Angeles where he has previously been in business, but he has his home in La Crescenta and wants to spend more of his time here than he could by having his business in Los Angeles.

There will be extra music again at the church services next Sunday.

Mr. and Mrs. Schultz have had official notice that their son, A. Esling Schultz, with the 316th Signal Corps, has landed "somewhere in France."

Mr. D. B. Jackson has a trip to Bear Lake in contemplation. He will make some fine photographic pictures as part of the trip.

E. W. Schafer, who is one of our respected residents and property owners has opened a barber shop in La Crescenta, at the end of the car-

manding American over-seas Naval forces has just received the "Order of the Bath" from King George of England in recognition of his services. The presentation took place on board ship. The Rear Admiral is a cousin of Mrs. Joanna Murray and of Mrs. Fenton Knight.

The Rev. Mr. Lane has been in La Canada for a few days.

Mr. Famularo, while working on Dr. Saphro's place last Tuesday killed a large black racer.

Mrs. Albert Lester spent most of last week with her sister, Mrs. Frank Flint, at Hermosa Beach.

Mr. Lucien Gray has set out Avocados where once the green grass grew.

The University of California at Berkeley has issued a Bulletin dated July 18, dealing with the labor situation in California. Any one needing assistance, either to find work or to obtain workers, should know how to get in touch with the organizations specified in this Bulletin. Any one can obtain this Bulletin by asking for it, and it will be sent promptly free of charge. It is called "Emergency Farm Labor Agencies."

Division headquarters, Red Cross has sent out a letter for chapters, branches, etc., concerning supplies, what is needed at the present time and the reason for the demand at this time for the type of supplies. La Canada chapter is at work upon Refugee clothing, for old and young, men, women and children is being made every where to comfort and warm the bodies of the families of the allies with whom our soldiers are fighting. These same men will fight better have they the knowledge that their dear ones are not suffering in many ways. This evidence of our country's sympathy and interest means much to those much tried people abroad, whose men have been fighting these many years. So do your Red Cross work with the same diligence as of yore.

Mrs. Noel Britton and daughter of Three Rivers are in Los Angeles for a visit. Mrs. Britton is the wife of a brother of Mrs. Anton Williams.

Sam Durand is instructor of a class in the submarine school where he was training. He was formerly a member of the same class.

A. G. Williams has another cousin just entered the service. Andy Gulixson, M. D., is the name.

Judge Sargent is spending all his spare time in La Canada. He is so intrigued with the delights of his mountain home. Mrs. Sargent and daughter are at Hermosa Beach for the summer. They will join the Judge here in the early fall.

The McNaghents are at Hermosa Beach for the summer. Hermosa seems to be quite a favorite this year. The Flint's and McKay's are summering there also.

How do you like this poem (?) from Cincinnati Enquirer:

"We
De-
Spise
Flies."
It certainly is witty.

The development of water is still going on in La Canada Water Co. system and will continue for a few weeks longer.

The American Red Cross have issued official badges and medals to meet many emergencies. The workers in the branches and chapters have a badge which credits the wearer with a certain number of hours work starting with four months' service of not less than 200 hours. Stars and bars are added for additional service up to 8000 hours' work. After that for more service other stars and bars are provided. These badges can be obtained, states the circular issued by H. D. Gibson, General Manager.

Tuesday was business day at Red Cross. Reports were made by Secretary and Treasurer, which were accepted. The head of the knitting department reported turned in 5 helmets, 5 sweaters, 5 mufflers, 7 pairs of wristlets, 12 pairs of socks. Machines and workers were busy on the little blue petticoats.

Mr. and Mrs. Metcalf, the latter at the wheel, motored to San Pedro on Sunday. They counted 7 steel ships which were in process of completion, having reached the point where they were floating on their keels.

Mr. and Mrs. H. L. Cooper were at San Pedro Sunday having a good visit with Sergeant Robert Cooper.

Mr. T. Fenton Knight started north on a two week's trip. He motored from Los Angeles with the friends with whom he makes the trip.

We have to thank Mrs. Fenton Knight and her committee from the P. T. A. for getting the work done on the school grounds so splendidly. The area in the front of the building is completely planted out and the plants are all thriving. If comes to the picture shows, etc., will not use it as formerly for a place to stand and walk, there'll soon be a beauty spot at which to look. The plants were obtained at the Coolidge Nursery, Pasadena.

SAN FRANCISCO, Cal., Aug. 2.—

A series of meetings will start in this city today foisted by the Armenian and Syrian relief committee. Charles Vickery, executive secretary and Dr. James L. Barton, chairman of the committee arranged all the details for the meetings. Both men know more about prevailing conditions in Syria and Armenia than any other two men in the country. They plan to raise \$30,000,000 for the war sufferers.

CAMP KEARNY, SAN DIEGO, Cal., Aug. 2.—In order that the Huns could not spoil the facial beauty of soldiers here, camp authorities are having all shaving brushes thoroughly disinfected before being up for sale. Knowing that every means will be taken by enemy spies in this country to hinder all army efforts, the officials are making sure that no infection is introduced.

Go easy with your spoon—more than five million soldier boys are dipping from that sugar bowl.
